

# **HS-ECC25 ECT(PAT) SIMPLE CUTTER**

## **INTRODUCTION**

HS-ECC25 type Corrugated Cardboard ECT or PAT Sampling Cutter is to get the required special sampling of Edge Crush test.

The equipment can be quickly and accurately cut the sample size requirement for the corrugated cardboard and carton manufacturing

It is the ideal test apparatus of making paper, packaging and other industries of Quality Supervision, Inspection and departments supporting.

## **APPLICATIONS**

Corrugated cardboard, Corrugated box

## **STANDARDS**

QB/T2679.8; QB/T1671

## **SPECIFICATIONS**

1. Sampling Dimension: 100mmX25mm for :ECT  
80mmX25mm for: PAT
2. Sampling Thickness:  $\leq 18\text{mm}$
3. DIM Error:  $\pm 0.5\text{mm}$

## **CONNECTIONS**

Electrical: NONE
