

# **HS-WG1/PN-SC100 CIRCULAR SAMPLE CUTTER**

## **INTRODUCTION**

Circular Sample Cutter can be get a circular sampler. Then sampling equipment can cut the sample size quickly and accurately for GSM.

It is the ideal test apparatus of making paper, packaging and other industries of Quality Supervision, Inspection and departments supporting.

We have two model Circular Sample Cutter: HS-WG1 Type is Rotation mode and PN-SC100 Type is Pressing mode.

This equipment meet the following criteria: QB/T1671

## **APPLICATIONS**

Paper. paper board. Corrugated cardboard

## **STANDARDS**

QB/T 1671

## **SPECIFICATIONS**

1. Sample Dimension: 100 mm<sup>2</sup>
2. Accuracy:  $\pm 0.2\text{mm}$
3. Sampling Thickness: 0.1-1.0mm

## **CONNECTIONS**

Electrical: NONE
